74. World Breast Feeding Week- 2018

Date of Event: 01.08.2018 to 07.08.2018

Total Number of Participants: 102

Type of extension activity: Awareness Programme

THEME: BREASTFEEDING: FOUNDATION OF LIFE

World Breast Feeding Week from August 1 to August 7, 2018 was celebrated at KarpagaVinayaga Institute of Medical Sciences.

Day 1, (August -1): Poster competition for undergraduate MBBS students was conducted. Undergraduate MBBS students made posters on breast feeding related topics like colostrum importance, position of breast feeding, twin feeding, advantages of breast feeding in both English and local language (tamil). These posters were displayed in Paediatric ward for awareness among parents.

Day 2, August 2, 2018 : Breast Feeding Quiz for Undergraduate MBBS students and Healthy baby competition were conducted. Healthy Baby Competition for children less than 2 years was conducted. Height/length and weight of the babies were measured and questionnaire on Practices of Breast Feeding was asked. One baby was selected on that basis who was exclusively breastfed for 6 months, appropriate complementary feeding practices and continual of breast feeding for 2 years.

Day 3, Aug 3 2018 : Breast feeding week was celebrated in collaboration with Department of Community Medicine in Urban Health Centre -Anna nagar, Chengalpet and Rural Health Centre (Pulipakkam). Head of Department of Community Medicine and Paediatric Department gave a Talk on Importance of Breast Feeding and how to support breast feeding. We had interactive session with audience and the doubts regarding breast feeding
