Follow up Action and outcome analysis

Institute has provided facilities of bar-coded green cycle for the students. Students are very happy to utilize it. The cycles are used by the students to visit library after college hours or to get a day to day things from departmental store.

As Institution has prevented 8 students from writing exam in university exam in Feb 2017 and 2018. The impact of this action was reflected in subsequent parent teacher meetings. In recent parent teacher meetings, no one is below the eligibility criteria for writing the university exam.

Institution has taken the initiative to start the NEET PG coaching centre, the result of which was enrolment of 25 students in the regular classroom batch.

Undertaking format given below...
