### **RT PCR Facility to diagnose patients with Covid-19**

Worldwide pandemic of Covid-19 disease has been set up a challenge in health care system not only in developing countries but developed countries also. In India first case was detected on 31.1.2020. To battle against the covid-19 Governemtn of India in collaboration with ICMR has stated guidelines for testing of samples. On 17<sup>th</sup> March, Union Ministry of health permitted to allow private pathology lab for testing Covid-19.

In order provide diagnostic facility for patients of Covid-19 in the surrounding rural population, Institution initiated process of approval for avalability of diagnotic facilities for Covid-19 for RT PCR. Institute underwent online assesement conducted by NABL authorities on last week of May and approved as authorized centre to test samples of Covid-19 patient from first week of June.
